Management of Perinatal Emergencies:
A Patient Safety Webinar Series

Presented by The Ohio Pregnancy Associated Mortality Review and The Ohio State University Clinical Skills Education and Assessment Center

September 19th

Shoulder Dystocia: Identification and Management

This webinar will focus on optimizing the management of a common obstetric emergency, shoulder dystocia. It will also provide guidance on team communication during this specific emergency situation.

OBJECTIVES:

1. Identify risk factors and incidence of shoulder dystocia.
2. Create an algorithm for shoulder dystocia management at your home institution.
3. Combine shoulder dystocia management, patient communication, and medicolegal concerns to appropriately document and communicate with other healthcare providers, patients, and family members surrounding this event.

Brett Worly, MD
Department of Obstetrics and Gynecology
The Ohio State University College of Medicine

8/16/17
